

Chairperson's Report 2019

This year the committee welcomed two new members, being Sandra and Marina. We have spent the year getting to know each other and helping them to settle into their roles as committee members.

The beginning of the year saw us bring our constitution up to date to meet the Incorporations Act 2015 changes.

We have been looking at funding and grant opportunities and brainstorming ideas towards those opportunities.

We have decided to apply for funds to hold monthly coffee groups.

We held a workshop in conjunction with Women with Disabilities Australia to support their work towards developing a Virtual Centre for Women and Girls with disabilities. Liz will fill you in on the details of the project.

We have sat on various codesign groups and had input into various Government-led plans and strategies: The WA State Disability 10 year Plan - Wendy, Women's Health Network - Liz, The WA State 10 year Women's Plan – Wendy and Liz.

I am looking forward to 2020 where we achieve our funding goal and have the opportunity to hold regular catch-ups and events for all of our members.

Have a very safe holiday period.

Wendy Wright
